Vlasotince / Niš

About me

I started my learning path with focus on frontend technologies trying to progress and achieve new knowledge every day. I'm Ambitious, hard-working and well organized. Communicative, creative and able to learn quickly. Great problem-solving skills. Seeking for career start opportunity, focused on developing creative web sites using HTML5, CSS3, SASS, JavaScript and React.js. Currently I'm learning React.js. I'm ready and willing to cooperate and improve my knowledge and skills as well as learn new technologies.
